

### OCCHD Immunizations and TB Services

The OKC-County Health Department offers the following vaccines. We currently accept Health Choice, Blue Cross Blue Shield, Medicare and SoonerCare Medicaid for immunizations. Please note that coverage may vary among different insurance plans. We recommend you check with your insurance provider for coverage information prior to receiving immunizations, as you may be responsible for charges that are not covered by your insurance policy. Vaccines are available for free or at a reduced rate for those who qualify.
